FOR OUR EDUCATION - MORE ACTIVITIES! - EQUALITY & SAFETY - JOBS & SUPPORT - ALL OF US - AND EVERY PROMISE MADE TRACKED ONLINE

More! is a group of progressive students truly experienced across our campus. We're backed by and have lead many of your biggest and smallest clubs - from Science to Potter Heads, M-ASS to the Lebanese Society. We're running because we want a union that fights for your education, gives you more activities, stands with you for support, and works for all of us. We'll massively increase union volunteering, and run a comprehensive UMSU review, for a grassroots union. We want to boost transparency and budget processes. And we're running because we want a union that delivers on promises, which is why every promise we make will be tracked online.

With our strong background in the Education Department and faculty clubs, we will continue to fight for a fairer and better education. We'll:

- Be strong on the uni's FlexAP: **no to compulsory trimesters**, yes to **more summer/winter options**.  
- Create an Ed Public volunteer program that utilises people power to **win more campaigns**.  
- Run a **full counter-guide to all subjects** at the university, with a "TripAdvisor"-style platform.  
- Push **fairer assessment** and **feedback on exams**.  
- Push for reliable mandatory **lecture recordings (including for Law)**, better **tutor training** and universal representation, giving **you subjects say**.

- Support higher uni funding and lower fees; **fight deregulation and cuts**.  
- Start a campaign for **better ancillary cost support** and **textbooks on HECS**.  
- Work for more consistency when dealing with breaches of academic integrity.  
- Fight for **better English language support**.  
- Push for **languages as breadth** for Arts, and for **minors recognised for Science**.  
- Work over the long term **against punitive fees** and for a **better Stop 1**.  
- Expand the Student Representative Network.

And we'll work on these over the long term.

For over a decade, More! have helped bring you awesome activities, from Oktoberfest to bands like British India and Art vs Science. We've led clubs big and small, and so we'll:

- Bring you more **beers, bands and barbeques**, and more **pop-up bars and food vans**.  
- Continue to **improve welfare in clubs**, create a club committee message board, and improve club communications and sponsorship support.  
- Work for **regular mingling activities**, which could include things like laser tag to movie nights to an **annual Union House sleep in**.  
- Introduce a **Eurovision spectacular!**

We need a student union that fights for a fairer society, for autonomous departments, for a safer campus and the inclusion of all. We'll:

- Work for **safety on campus**, commissioning a report into international and domestic students' safety within the first six months of taking office.  
- **Hold the Uni to account on sexual assault and harassment on campus**, pushing for better procedures and stronger campaigns, and an enquiry into procedures in MU Sport.  
- We will **continue to support** the Disabilities, Indigenous, International, People of Colour, Queer and Women's **communities and departments**.

UMSU needs to be in your corner - looking after your welfare, supporting orientation and getting you a better deal on jobs. We'll:

- Introduce a **big new orientation service**, from camps and mentoring programs to O-Week.  
- Finally **improve jobs and professional support**, from internships to careers advice to mentoring.  
- Create a **tax, workplace and budget advisor**.  
- Run an activist, intersectional, Welfare Department; **campaign on Centrelink, student homelessness and mental health support**.  
- Build the **language exchange program, Stress Less Week** and **inclusion of exchange students**.

Your facilities are important. We'll:

- Introduce a **new essential goods bank**, covering food, clothing and household goods.  
- **Open the student bar within a year**.  
- Fight for you on the **new student precinct**.  
- Work for **better student accommodation** and a **guarantee for out of town first years**.  
- Work for a **stronger second hand book service**.  
- Start a long term campaign to extend the free tram zone, and concession cards for all.  
- Push **longer hours and 24-hour study spaces**.  
- Work for more **power points, lockers, parking** and **better food and drink options**.

We're running because we want an end to the screwed up Australian student political system. Our predecessors, and even us, tried to "play the game", but we've had enough. If we win this election, or even if we lose, we'll:

- Make every position we ever contest based on open expressions of interest, and a meritocratic panel selection or a department preselection.  
- Never hand our ballot papers at an NUS conference to someone else. Never bind people to vote a certain way, while respecting autonomy.  
- Be unashamedly progressive, never running with an authoritarian group on the left or the right.
